Note: 1. Results based on low response rates may not reflect the true class mean. Dept mean is for all undergraduate, or all graduate courses, offered by dept and is weighted by class size.

2. Results from cross-listed courses are included in the mean for the department whose course prefix appears first in the alphabet (e.g., for a course listed as HI and REL, the results are included in History's mean). To find the department mean for the other department (in this example, Philosophy and Religion), go to http://www2.acs.ncsu.edu/UPA/classEval/faculty/college_univ_means.htm .

Question	Response
Comment on strengths and weaknesses of the instructor	Great professor! Explained things really well and was receptive to students outside of the classroom with anything and at almost any time!
Give suggestions on how the course or how the instruction could be improved.	I wish the project had been laid out earlier in the semester and given to us earlier than a few weeks before the semester ended. Also VCL is a pain and took a lot of unnecessary time to manage.

Comment on strengths and weaknesses of the instructor	Great professor-- easy to understand, open to feedback and questions.
Give suggestions on how the course or how the instruction could be improved.	Overall this course was great but it would have flowed/worked better if there was just one main professor lecturing.

Comment on strengths and weaknesses of the instructor	addition of website was great during second half of semester along with addition of a test review sheet. I didn't like the use of examples with only letters when we would only see numbers from there on
